The ISE-sponsored XXXIII Annual Meeting of the Electrochemistry Group of the Spanish Royal Society of Chemistry (RSEQ), attended by 138 people, was celebrated in Miraflores de la Sierra (Madrid) between Sunday 1st July and Wednesday 4th July 2012.

The Meeting started on the afternoon of Sunday 1st July with a brief tutorial on practical aspects of electrochemical AFM and STM, by Dr. Angel Cuesta and Dr. Gema Cabello (Instituto de Química Física "Rocasolano", CSIC, Madrid), and by Mr. Javier Ledesma (Scientec Ibérica, Madrid). A total of 58 oral communications and 39 posters, distributed in three parallel symposia, were presented in the Meeting. Among the posters, 18 were also the subject of a flash, 5 minutes long, oral presentation. The Meeting included, in addition, 3 Plenary Lectures by Profs. K. Andreas Friedrich (DLR Stuttgart, Germany), Philippe Allongue (CNRS-Ecole Polytechnique, Palaiseau, France) and Jacek Lipkowski (University of Guelph, Ontario, Canada), as well as the lectures corresponding to the Scientific Research and Young Researchers CIDETEC prizes 2011, by awardees Mr. Juan Manuel Artés Vivancos and Dr. Ignasi Sirés, respectively.

The Meeting also hosted an ISE-sponsored session, which included: (i) the 18 flash poster presentations; (ii) 3 Keynote Lectures in English, by Dr. Joaquín Chacón (Saft Baterías S.L., San Sebastián de los Reyes, Madrid), Prof. Wolfgang Schmickler (University of Ulm, Germany) and Prof. Vincent Vivier (Laboratoire Interfaces et Systèmes Electrochimiques, UPR15 du CNRS, Paris, France); (iii) an Invited Lecture in English by Dr. Elizabeth Santos (University of Ulm, Germany); and (iv) 3 Lectures in English by 3 promising young Spanish researchers (Marcos Pita, Instituto de Catálisis y Petroleoquímica, CSIC, Madrid; Dr. Carlos M. Sánchez, Universidad de Alicante; and Dr. Mercedes Sánchez, CISDEM, CSIC-UPM, Madrid).
