

Report of ISE sponsored meeting

Modern Electrochemical Methods XXXIV

T. Navrátil^{a,*}, M. Fojta^b, K. Pecková^c

^a J. Heyrovský Institute of Physical Chemistry of the AS CR, v.v.i., Dolejškova 3, 182 23 Prague 8, Czech Republic, tomas.navratil@jh-inst.cas.cz

^b Institute of Biophysics of the AS CR, v.v.i., Královopolská 135, 612 65 Brno, Czech Republic

^c UNESCO Laboratory of Environmental Electrochemistry, Department of Analytical Chemistry, Faculty of Science, Charles University in Prague, Prague, Albertov 6, 128 43, Prague 2

, The conference “Modern Electrochemical Methods” (MEM) is one of international conferences with old tradition, attended by many electrochemists from various countries of the world. In this year the MEM conference was organized for the 34th time at a traditional place - the village Jetrichovice near Decin in the Czech Republic.

ISE sponsorship:

- **The conference was started by an introductory speech by Assoc. Prof. T. Navrátil** to mention ISE, its importance, activities, events (co)organized, membership in this society, ISE Annual meeting in Lausanne, etc.
- **Logos of ISE were on the chairman's table during the conference**
- **Logos of ISE were printed on all conference documents** (announcements, program, book of proceedings)

Information on the conference:

Best Servis - a professional company specialized in technical realization of congresses, conferences, symposia, seminars, workshops, professional exhibitions and accompanying presentation events (Director of the company – Mrs. Lenka Srsenova. She has been responsible for organization of these conferences since 1988 (<http://www.bestservis.eu/lang-change/lang/EN/>; info@bestservis.eu).

The conference was organized under scientific cooperation of:

J. Heyrovsky Institute of Physical Chemistry of the AS CR, v.v.i., Academy of Sciences of the Czech Republic, Prague;
Institute of Biophysics of the AS CR, v.v.i., Academy of Sciences of the Czech Republic;
UNESCO Laboratory of Environmental Electrochemistry, Department of Analytical Chemistry, Faculty of Science, Charles University in Prague, Prague.

The scientific committee consisted of three scientific guarantors:

Assoc. Prof. RNDr. Miroslav Fojta, CSc., head of the Department of Biophysical Chemistry and Molecular Oncology, Institute of Biophysics of the AS CR, v.v.i., Academy of Sciences of the Czech Republic, (about 140 papers in WOS, about 3800 citations)

(incl. self-citations), about 2900 citations , H-index
37 - according to the WOS),

Assoc Prof. Ing. Tomáš Navrátil, Ph.D., Scientific Secretary of the Working group of Analytical Chemistry of the Czech Chemical Society, Research Worker of the J. Heyrovsky Institute of Physical Chemistry of the AS CR, v.v.i), Charles University in Prague, 1st Faculty of Medicine, Department of biochemistry and Laboratory Diagnostics, Kateřinská, 120 00, Prague 2, Czech Republic (120 papers in WOS, about 1475 citations (incl. self-citations),

H-index 26 - according to the WOS);

RNDr. Karolina Pecková, Ph.D., Charles University in Prague, Faculty of Science, UNESCO Laboratory of Environmental Electrochemistry, Department of Analytical Chemistry, Albertov 6, 128 43, Prague 2, Czech Republic, (about 47 papers in WOS, about 764 citations (incl. self-citations), about 609 citations
, H-index 16 - according to the WOS).

This year, the conference was sponsored by:

International Society of Electrochemistry (<http://www.ise-online.org/>; http://www.ise-online.org/sponsmeet/sponsored_events.php).

METROHM Czech Republic, s.r.o. (<http://www.metrohm.cz>)

Eco-Trend Plus, s.r.o. (<http://ifirmy.cz/firma/040629-eco-trend-plus-sro>).

Number of participants of the conference in 2014: 78 (including 12 university Professors and Assoc. Professors, the Vice director of Academy of Sciences of the Czech Republic, etc.) from the Czech Republic, Slovak Republic, Germany, Austria, Italy, Slovenia, and Egypt.

Number of pages in proceedings books: 254

Number of lectures: 57 in 11 Lecture blocks

ISBN: 978-80-905221-2-1

Proceedings books:

Number of contributions: 57;

The Proceedings include full papers (not the abstracts). The book follows international editorial conventions. The books of proceedings are numbered according to the volume number. The pages are numbered sequentially. The literature citation rules are identical with those valid for the journal "Chemické Listy" (ISSN 0009-2770), which is indexed in Web of Science. The length of the articles amounts to 3-5 pages (size A4, single spaced). The titles, abstracts and key words are written in English (Czech translation is available in some cases). The texts of the contributions are written in English, Czech, or Slovak languages. The Books of Proceedings are published in printed form (and are available for you on request). Further, they have been available on the internet since the year 2009 (free access); This year, the Proceedings are available at the following www address:

http://www.bestservis.eu/upload/file/Sbornik_metody14.pdf ; Each contribution was accepted for publication after reviewing by members of the scientific committee (the revisions included the formal aspects, the overall quality of the research presented, the completeness of the cited references, etc.).
