

Exhibition and Sponsorship

for the

ISE Topical and Annual Meetings 2027

The International Society of Electrochemistry warmly welcomes your business, contributions, and sustained interest in advancing the field of electrochemistry. By joining us as a sponsor or exhibitor at ISE's international meetings, you'll gain unique access to a highly engaged audience of electrochemists, scientists, and industry leaders.

We invite you to align your brand with the forefront of electrochemical research and innovation - join us at an upcoming ISE meeting to expand your global reach and make a lasting impact in this dynamic and essential field!

I. Introduction of the ISE

The [International Society of Electrochemistry \(ISE\)](#) was established in 1949 by prominent European and American electrochemists to support the rapid development of electrochemistry as a modern scientific discipline. At its inception, only a small group of experts were involved through the original CITCE (Comité International de Thermodynamique et Cinétique Electrochimiques).

Over the years, ISE has grown significantly, now boasting more than 3,000 individual members and over 20 Corporate Members, including academic institutions, non-profit research organizations, and learned societies, as well as Corporate Sustaining Members from industrial and commercial sectors. With members from over 70 countries, organized into more than 40 regional sections, ISE represents both industrialized and developing nations across all five continents.

With its headquarters in Lausanne, Switzerland, ISE functions as a non-profit organization, deeply committed to fostering the advancement of electrochemistry through international collaboration, knowledge exchange, and research development.

II. Exhibition and sponsorship at ISE Meetings

The society's global meetings provide a key platform for networking, bringing together electrochemists from around the world. By sponsoring ISE conferences and meetings, your organization gains a valuable opportunity to connect directly with a highly specialized audience of electrochemists, scientists, and industry leaders from around the world.

These events attract key decision-makers and innovators in fast-growing, technologically significant fields such as energy, materials, biotechnology, and environmental science. As an exhibitor or sponsor, you'll not only enhance your organization's presence but also create meaningful connections with researchers and industrial partners seeking cutting-edge solutions. ISE meetings foster an environment where industry and academia converge, offering you the chance to influence the future of electrochemical technologies while aligning your brand with the forefront of scientific progress. Additionally, the international scope of our meetings provides unparalleled access to new markets, making it an ideal platform for expanding your global footprint.

I. Annual Meeting

The Annual Meeting (Larger scale meeting with broader engagement) is the premier global event for electrochemists and related industries, attracting thousands of delegates from over 70 countries. As an exhibitor at the Annual Meeting, your company will have unparalleled access to a broad spectrum of decision-makers, researchers, and industry professionals. This is a unique platform to showcase your products, services, and solutions to a diverse audience, fostering long-term partnerships and expanding your market reach. Our exhibitor packages provide comprehensive options to help you enhance your visibility, including premium booth spaces, digital promotion, and sponsorship opportunities, ensuring maximum exposure for your brand.

I. Topical Meetings

The Topical Meetings (Smaller scale meetings with focused engagement) provide a unique opportunity for exhibitors to connect with a focused and engaged audience of specialists in the field of electrochemistry. These meetings bring together key professionals, researchers, and industry leaders from across the globe to explore emerging trends and breakthroughs in specialized areas. By becoming an exhibitor at our Topical Meetings, your organization can showcase its products, services, and innovations to a highly relevant audience, gaining valuable exposure and creating meaningful connections. Our tailored exhibitor packages offer a variety of benefits, from booth space to enhanced visibility, ensuring your company stands out.

III. 44th ISE Topical Meeting

Córdoba, Argentina 9 - 12 May 2027

Electrochemistry and Functional Materials: From Fundamentals to Applications

Electrochemistry and functional materials are central to the development of advanced technologies addressing current challenges in energy, sustainability, and industrial innovation. Advances in electrochemical materials, interfaces, and processes are enabling breakthroughs across diverse fields, including energy conversion and storage, corrosion and surface engineering, electrocatalysis, environmental technologies, sensing, and bioelectrochemistry.

This Topical Meeting will bring together researchers from across the electrochemical sciences to discuss recent progress in functional materials and interfaces, electrochemical energy conversion and storage, and functional electrochemistry for sustainable processes. The meeting will foster interdisciplinary exchange between fundamental and applied research, spanning charge transfer and interfacial phenomena, advanced materials and devices, analytical methodologies, and emerging electrochemical technologies.

List of Symposia:

- Symposium 1: Functional Materials and Interfaces.
- Symposium 2: Electrochemical Energy Conversion and Storage.
- Symposium 3: Electrochemistry and Sustainable Processes.

IV. 45th ISE Topical Meeting

Monterrey, México 11 - 14 July 2027

Sustainable Future through Innovative Electrochemical Engineering

This Topical Meeting will bring together researchers from across the electrochemical sciences to discuss recent progress in functional materials and interfaces, electrochemical energy conversion and storage, and functional electrochemistry for sustainable processes. The meeting will foster interdisciplinary exchange between fundamental and applied research, spanning charge transfer and interfacial phenomena, advanced materials and devices, analytical methodologies, and emerging electrochemical technologies.

As industries shift toward electrification, sustainability, and carbon neutrality, electrochemical processes should develop scalable, modular technologies for cleaner production, closed-loop material cycles, and resilient energy infrastructure. This meeting offers an opportunity to connect with engineers, researchers, and developers in electrochemical science and process engineering, exploring innovations across energy, chemicals, materials recovery, and water treatment. Topics include process design, scale-up, and integration with renewable power, focusing on engineering challenges and solutions affecting real-world impact.

The meeting will be organized into three symposia. We invite presentations covering, but not limited to, these topics:

- Electrochemical Process Systems and Resource Recovery
- Engineering the Energy Transition
- Sustainable Chemical Production and Process Electrification

V. 78th ISE Annual Meeting

Glasgow, Scotland 5 - 10 September 2027

Electrochemistry for a sustainable future

The scientific program offers Plenary Lectures, Symposia, Tutorials related to the following fields of electrochemistry:

- Electroanalysis, Sensors & Biosensors
- Biological and Medicinal Electrochemistry
- Batteries
- Fuel Cells
- Electrochemistry for CO₂ Conversion, Hydrogen Production and Ammonia Synthesis
- Supercapacitors
- Electrochemistry of Nano-materials
- Electrocatalysis
- Electrodeposition and Electroplating
- Corrosion and Passivity
- Electrochemical Engineering and Technology
- Environmental Electrochemistry
- Molecular and Supramolecular Electrochemistry
- Photoelectrochemistry
- Theoretical and Computational Electrochemistry
- Interfacial Electrochemistry
- Spectroelectrochemistry
- Scanning Probe Microscopy Methods in Electrochemistry
- Electrochemical Instrumentation
- Electrochemistry at liquid-liquid interfaces

VI. 46th ISE Topical Meeting

Pattaya, Thailand 22 - 25 November, 2027

Electrochemical Concepts for Carbon Footprint Reduction

This Topical Meeting will be a forum for scientists to share and discuss recent advances in sustainable electrochemistry, including clean energy production from fuel cells, materials design for energy storage, sustainable organic electrosynthesis, new nanomaterials for electrocatalysis, and theoretical and computational approaches for sustainable chemistry. This includes four symposia as follows:

- Electrochemical Energy Conversion
- Electrochemical Energy Storage
- Environmental & Waste-to-Value Electrochemistry
- Molecular-Level Understanding in Modern Electrochemistry
- Exhibitor Packages

VII. Exhibitor & Sponsorship Packages

ISE Meeting	Package Type	Registration	Booth	Booth Selection	Visibility	Program*	Recognition	Promotional Materials	Function Sponsorship	Mailing list
44th /45th /46th Topical Meetings Exhibitor Single Packages	Bronze 1'800€	2 complimentary exhibitor registrations	Booth incl. 1 table and 2 chairs (electricity incl.)	Standard (Exhibitors select from the remaining available booths)	Company name, profile, logo and link on the conference webpage, and event app and website	X	Recognition as a Bronze Exhibitor during closing ceremony	X	X	Access to the list of opt-in registered participants
	Silver 2'400€	2 complimentary exhibitor registrations	Booth incl. 1 table and 2 chairs (electricity incl.)	Preferred (Exhibitors select their booth after Gold Exhibitors)	Company name, profile, logo and link on the conference webpage, and event app and website	X	Recognition as a Silver Exhibitor during the closing ceremony	Inclusion of one company flyer along with participant materials	X	Access to the list of opt-in registered participants
	Gold 3'200€	4 complimentary exhibitor registrations	Booth incl. 2 tables and 4 chairs (electricity incl.)	Premium (Exhibitors choose their booth first)	Company name, profile, logo and link on the conference webpage, and event app and website	X	Recognition as a Gold Exhibitor during the closing ceremony	Inclusion of one company flyer and one branded giveaway along with participant materials	Sponsorship of one function (gala dinner, welcome reception, or poster session)	Access to the list of opt-in registered participants
78th Annual Meeting Exhibitor Single Packages	Bronze 3'200€	2 complimentary exhibitor registrations	Booth incl. 1 table and 2 chairs (electricity incl.)	Standard (Exhibitors select from the remaining available booths)	Company name, profile, logo and link on the conference webpage, and event app and website	Acknowledgment in the program	Recognition as a Bronze Exhibitor during the closing ceremony	X	X	Access to the list of opt-in registered participants
	Silver 3'800€	2 complimentary exhibitor registrations	Booth incl. 1 table and 2 chairs (electricity incl.)	Preferred (Exhibitors select their booth after Gold Exhibitors)	Company name, profile, logo and link on the conference webpage, and event app and website	Half-page colour advertisement, company name and logo in the program	Recognition as a Silver Exhibitor during the closing ceremony	Inclusion of one company flyer in participant welcome bag	Sponsorship of one function (coffee break or lunch break)	Access to the list of opt-in registered participants
	Gold 4'800€	4 complimentary exhibitor registrations	Booth incl. 2 tables and 4 chairs (electricity incl.)	Premium (Exhibitors choose their booth first)	Company name, profile, logo and link on the conference webpage, and event app and website	Full-page colour advertisement, company name and logo in the program	Recognition as a Gold Exhibitor during the closing ceremony	Inclusion of one company flyer and one branded giveaway in participant welcome bag	Sponsorship of one function (gala dinner, welcome reception, or poster session)	Access to the list of opt-in registered participants

Multi-Event Exhibitor Packages	Premier Access 5'940€	The Premier Access Package offers a 10% discount (of combined packages) and includes: <ul style="list-style-type: none"> • 1 Gold Package for the 78th Annual Meeting and, • 1 Bronze Package for either the 44th, 45th, or 46th Topical Meeting. 								
	Enhanced Access 8'160€	The Enhanced Access Package offers a 15% discount (of combined packages) and includes: <ul style="list-style-type: none"> • 1 Gold Package for the 78th Annual Meeting and, • 2 Silver Packages for either the 44th, 45th, and/or 46th Topical Meetings. 								
	Elite Access 11'520€	The Elite Access Package offers a 20% discount (of combined packages) and includes: <ul style="list-style-type: none"> • 1 Gold Package for the 78th Annual Meeting and, • 3 Gold Packages for the 44th, 45th, and 46th Topical Meetings. 								
44 th /45 th /46 th Topical Meetings	Sponsorship 1'500€	X	X	X	Company name, profile, logo and link on the conference webpage, and event app and website	Acknowledgment in the program	Recognition as a Sponsor during the opening and closing ceremonies	X	X	X
78 th Annual Meeting	Sponsorship 2'500	X	X	X	Company name, profile, logo and link on the conference webpage, and event app and website	Acknowledgment in the program	Recognition as a Sponsor during the opening and closing ceremonies	Inclusion of one company flyer in participant materials	X	X

* All participants will have access to the program in PDF format. To support our sustainability efforts, printed programs will only be provided to those who have requested and paid for them.

VIII. Exhibitor & Sponsorship Add-Ons

	Registrations	Gala Dinner	Partner Package	Welcome Bag	Student Helper t-shirts	Poster Prize
44 th /45 th /46 th Topical Meetings	650€ per additional exhibitor registration	Included in registration	800€ for 2 exhibitors sharing a single booth (in addition to the exhibitor package of your choice)	500€ for company logo placement on all participant welcome bags	400€ for company logo placement on all student helper T-shirts	Minimum value of a poster prize is EUR 100 per recipient. Minimum number of prizes is 5.
78 th Annual Meeting	750€ per additional exhibitor registration	100€ per exhibitor	1'000€ for 2 exhibitors sharing a single booth (in addition to the exhibitor package of your choice)	1000€ for company logo placement on all participant welcome bags	800€ for company logo placement on all student helper T-shirts	Minimum value of a poster prize is EUR 100 per recipient. Minimum number of prizes is 10.
