REPORT FROM THE SPONSORED 20th Yucorr CONFERENCE

The 20th Jubilee Yucorr Conference was held from 21-24 May 2018 in Tara Mountain, Serbia.

Serbian Society of Corrosion and Materials Protection (UISKoZaM) is the main organizer of YUCORR Conferences. The Society exists for more than a half of century under different names, but with a single goal – to gather the colleagues from Serbia and Region devoted to the investigation of materials corrosion and protection.

The authors from the universities, research centers, institutes and industry took the participation in the Conference. YUCORR International Conference aims to enlance the presentation and discussion of the subjects directly linked to the theoretical and engineering aspects of corrosion and protection of different types of materials in the field of industry, thermal power plants, civil engineering, as well as themes considering environmental protection and chemical energy conversion for sustainable development. This was the meeting point between industry and academia, exchanging knowledge and experience.

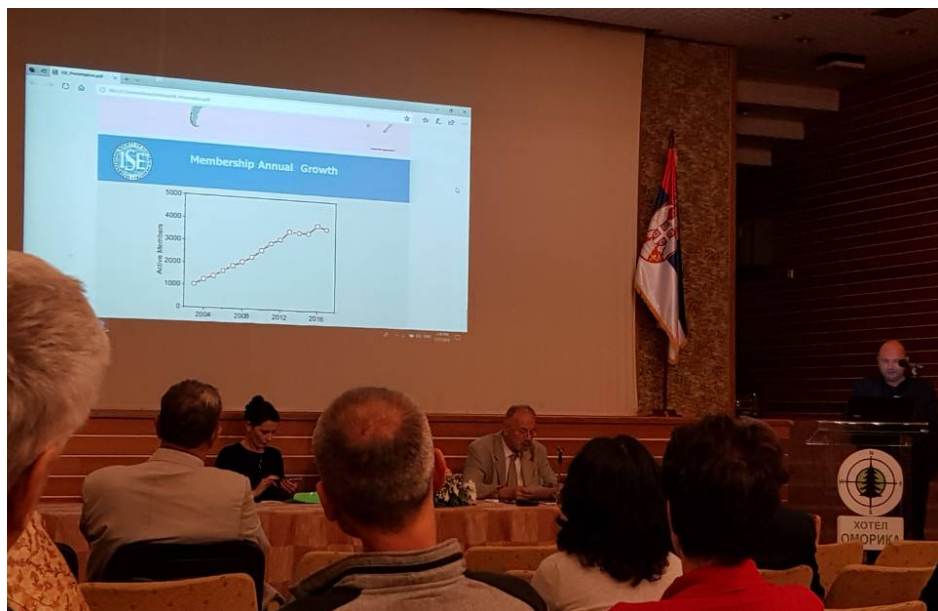

The ISE sponsorship was publicized at Conferences' website:

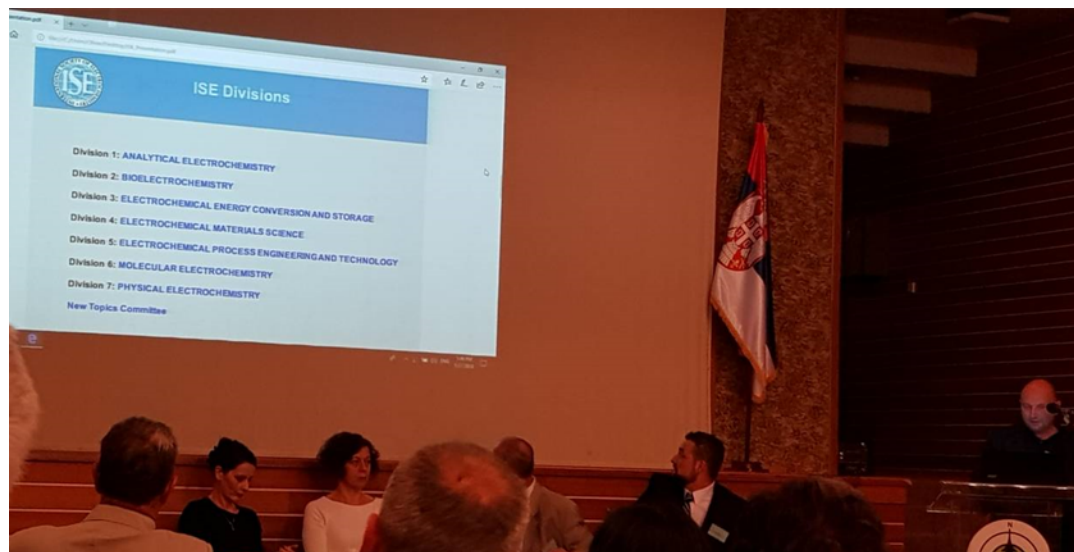

The screenshot shows a web browser window with the URL sit2am.org.rs/YUCORR/. The page features a header image of a lake in a mountainous region. Below the header, the text reads: "XX YuCorr, 21-24 May 2018, Hotel OMORIKA, Tara Mountain, Serbia" and "Meeting Point of the Science and Practice in the Fields of Corrosion, Materials and Environmental Protection". A navigation menu includes links for "Aim & Scope", "Topics", "Committees", "Contributions, Fees & Key Dates", "Program", "Instructions for Authors", "Registration", "Venue & Accommodation", "Social Events", "About Tara", "Previous YuCorr", and "Contacts". The "SPONSORS" section displays logos for the International Society of Electrochemistry (ISE), HELIOS, UNIPROMET D.O.O., HEMIPRODUKT BOJE I LAKOVI, Sur Tec, Огранак ДРИНСКО-ЛИМСКЕ ХЕ, СЗР ТААБА (поверхинска заштита метала), Institut za preventivu, NOV HEM, Савез инжењера и техничара Србије (Union of Engineers and Technicians of Serbia), and ТЕХНИЧАРСКА ПРУЖИНА.

There were participants from fifteen countries of Europe and one from USA. The Conference worked four days through four oral sections and one poster section, with five plenary and four invited lectures. Besides, there were about 15 oral presentations and 30 posters. The sponsor were presenting their products

At the opening ceremony of the 20th Jubilee YUCORR Conference, a long-time ISE member of Division 4, Nebojša Nikolić, vice-president of the Organizing committee, on behalf of ISE representative of Serbia, represented the ISE organization.

There were announced Annual and Topical ISE meetings in 2018 and 71st Annual ISE Meeting to be held in Belgrade, Serbia in September 2020.

Besides the ISE presentation at the opening ceremony, logo was printed at the Program booklet.
